- Integrity
- Caring
- Commitment
- Honesty

To do this, we provide a learning environment where:

- Everyone can feel safe and happy.
- Bullying and the use of verbal, physical, racial, sexual and psychological harassment is addressed and prevented through proactive strategies.
- Everyone is fair and respectful towards each another.
- The use of physical violence of any kind (e.g. fighting, hitting, kicking and rough games) is not tolerated and will be dealt with as a priority.

The school values are inherent in our positive working relationships, policies and promoted through teaching and learning programs.

**The School Vision** is to provide a safe and supportive learning environment, encouraging all students to achieve their potential as learners and global citizens. We are committed to working in partnership with our community and providing quality teaching and learning programs which promote the development of every child and young person.

**The School's Mission of *Achieving Together*** is to enthuse **all** students for lifelong learning; to teach values and to foster positive interactive relationships. We believe in the power of education to make a difference to the lives of individuals and society. We are committed to providing the best possible education for our learners to lead fulfilling, purposeful and productive lives. We provide a safe, stimulating learning environment by engaging students through the implementation of the Australian Curriculum. High quality teaching and learning is at the centre of our moral purpose as a school community. The Site Improvement Plan Priorities are Student Attendance, Literacy, Numeracy and Digital Technologies. Information & Communication Technologies are an integral part of 21<sup>st</sup> Century Learning at North Ingle School.
