Attendance Comment

Attendance in 2016 has presented at its lowest since 2014. Illness, family holidays, student lateness, limited transport access and chronic non attendance have contributed to student absenteeism, impacting on data results. The school continues to make contact with families, the Attendance and Engagement Social Worker and follow the School Attendance Policy. Teachers and administrators record evidence of phone calls, conversations and notes sent home. Attendance Improvement Plans have been developed to support some families, which has resulted in significant improved student attendance.

Behaviour Management Comment

The school continues to apply Restorative Justice Principles, Program Achieve strategies and using student voice to optimize the social, emotional, and academic outcomes of all young people. Incidents of violence were represented by 5 students resulting in 6 suspensions in 2016. The involvement in the Behavior Coach trial, enabled teachers to complete an Online Course and develop Crisis Management Plans. The school utilized RAAP funding and behaviour supplementary funding to support identified students. Safety Ambassadors have been pro-active in setting up yard games to increase play opportunities. A Cyberbullying Survey identified 25% have experienced online bullying. SAPOL will be conducting workshops in 2017 for the school community.
